**GENERAL TERMS AND CONDITION OF THE TENDER**

1. Party/ tenderer shall visit the site for inspection of electrical installations at Kapas Bhavan, Plot 3A, Sector 10, CBD Belapur before giving its bids, to avoid any confusion.
2. Tenders found received in the **Tender Box** upto the stipulated time, shall be opened on the same day at given time, in the presence of tenderers who may wish to remain present.
3. Evaluation of Technical Bid-I shall be as per eligibility criteria and Financial Bid-II of the tenderer shall be opened only if it qualifies the Technical Bid-I .
4. The offer shall remain open for a period of **60** days from the last date of opening of tenders.
5. The contractual period for said work will be for 12 months. Contractual time period for said contract could be considered for extension for further period of one year subject to satisfactory performance.
6. Earnest Money Deposit (EMD) amounting to **Rs.50000/- (Rupees- FIFTY THOUSAND only)** in the form of Crossed Demand Draft/Pay Order drawn on any nationalized/scheduled Banks in favour of The Cotton Corporation of India Ltd., payable at Mumbai must accompany the Technical Bid-I.
7. If the tenderer neglects or refuses for their rates quoted after submission of their tender to comply with the above conditions or any of them, the EMD already paid shall be forfeited. This is applicable in case of the party surrenders itself from their quoted rates and not ready to execute even if found eligible for award of work by the Corporation or back out from the work by keeping it incomplete.
8. No escalation shall be considered in the agreed rate during the contractual period under any circumstances and also the successful tenderer shall have to maintain the new installations if any, added during the currency of work order.
9. Complete work should be maintained as per the requirement meeting to the Indian electricity Act during the contractual period including extension period if any by the Corporation.
10. The Corporation shall release the payment of work in Monthly Running Bills after the satisfactory completion of work. The agency shall have to raise their Monthly Bill after completion of one-month period in the next 1<sup>st</sup> week of succeeding month. The Bill should be submitted along the attendance sheet of desired Employees deputed by the contractor, copy of PF challans for previous month.
11. The successful tenderer shall have to keep all the necessary tools, calibrated testing meters, safety gloze, scaffolding, required/necessary safety equipments/instruments if any, etc to maintain the electrical installations.
12. For any damage or injury to any third party, contractor's staff or labour is the sole responsibility of the contractor and the Corporation is not responsible for any payment of compensation. The contractor is fully responsible of all such risks and compensation.
13. Incidental expenses if any during exigencies or during sanction of increased maximum demand (MD) or during changes of required remedies if any and during monsoon period will have to be paid by the contractor. The contractor should take into account these expenses before submitting his bid.
14. Damage of any kind in the premises due to negligence etc. will be deducted from your bill as assessed by the Corporation.

15. (i) If the agency continuously fails to repair/maintain the electrical installations, deputation of desired Employees daily/monthly during contractual period, then corporation has reserve the right without any prejudice to deduct the amount from their monthly bill, the services of the agency will be liable for termination including forfeiture of EMD.
- ii) Agency shall submit their bills for purchase of consumable materials such as HSD Oil, Coolant, Distilled water, cotton waster, deisel lubricant oil etc. whenever such materials are brought to site
- iii) Delay in correcting fault/work beyond 24 hours will attract penalty at the rate of 5% of the monthly quoted rate/per event/ day of delay thereafter.
- iv) If the agency continuously fails to repair/maintain the electrical installations in spite of penalizing in three occasions then the services of the agency will be terminated without further notice and EMD will be forfeited.

**16 MANDATORY:**

- i) Holding valid Electrical Contractor's License issued by appropriate authority. The license must be valid throughout the concurrency of the contractual period.
- ii) Holding valid Electrical Supervisory License issued by appropriate authority.
- iii) PAN from Income Tax Authority, PF Registration No., Service Tax No. and VAT/TIN registration No.
- iv) Experience competency Certificate of minimum three year duration for having worked as Electrical Contractor at High Tension Electrical incoming Power Supply in last Five years in any Government /PSU/Private organizations of repute.
- v) Agency shall possess all required and essential tools and tackles for attending the electrical works in Kapas Bhavan.
17. In case of any dispute or difference arising out of or in relation to this work, same shall be governed by The Arbitration & Conciliation Act 1996. An Arbitrator (other than an employee of the Corporation) to be appointed by the Competent Authority of The Cotton Corporation of India Ltd., whose decision shall be final and binding upon the parties.
18. The legal jurisdiction for the purposes of this sale shall always be at Mumbai.

**SCOPE OF WORK**

**Annual Maintenance & Routine Operation Services for Electrical installations with incoming HT Mains Electrical supply of 11 KV from MSED Co.Ltd at Multistoried Centralized Air Conditioned Building namely " Kapas Bhavan" situated at Plot 3A, Sector 10, CBD Belapur, Navi Mumbai –400614.**

**A. DESCRIPTION OF ELECTRICAL INSTALLATIONS:**

<b>Sr.No.</b>	<b>Electrical Installations Details</b>
1	Ring Main Unit with SF6 isolator (HT Mains Incoming 11 KV Electrical Power Supply)
2	HT Breaker– 03 Breaker VCB panel board
3	750 KVA 11/0.433 KV Oil Cooled transformers – 02 Nos , including support back up batteries and HT SUB-STN & LT DISTRIBUTION (Electrical Substation Insallations)
4	Main LT Panel with change over/AMF
5	<b>ELECTRICAL INSTALLATIONS FOR AIR CONDITIONING SYSTEM</b> Main AC Panel, LT Panel for chillers, BMS system for AC PLANT, DBs/Starters to Chillers, Condenser Motors , Chilled Motors, AHU at various Floors including Basement ventilation, Exhaust System Motors, Fan Coil Units , Cooling Tower Fan units, AC Make up motors etc.
6	<b>ELECTRICAL INSTALLATIONS FOR PLUMBING AND FIRE FIGHTING SYSTEM</b> Water & Fire Pumping Electrical operated Machinerics ( Basement Plant Room, Ground Floor (Dewatering electrical operated sump pumps at Ground Floor& Below Ramp), Public Adressed System, Fire Detection System.
7	<b>FLOOR ELECTRICAL DISTRIBUTION BOARDS MCB/DB DISTRIBUTION &amp; SWITCH BOARDS, ETC</b>
8	Basement Lighting, Internal Floor Lighting (4 <sup>th</sup> , 5 <sup>th</sup> , 6 <sup>th</sup> , 7 <sup>th</sup> floor and part ground floor.), External Area Lightings, Compound Lighting, Outdoor Ceiling illumination Lightings system. etc.
9	Central UPS & power distribution system
10	LIFTS – 03 NOS. Their control panels at Lift Machine Room, Lift shafts installations
11	Conventional Fire alarm system, Earthing & Lightening Arrester System
12	625 KVA DG set & AMF, 63 KVA DG set and panel and Batteries for self starts.

**B. BRIEF OF SERVICES TO BE PROVIDED TO ALL THE ABOVE INSTALLATIONS INCLUDING FOLLOWINGS:**

1. L.T. Panel including all feeders, cables and distributions components in the premises. Cabling junction box and cable terminations, cables & feeders etc, Distribution boards and starters, Control gears and rotary switches, Whole Administrative building, security cabin and toilet blocks wiring and lighting switches and sockets and all the fans , Signboards etc.
2. All Electrical Installations to pumps and fire fightings, AC Plants installations in Plant Room and Cooling Tower , DG Room , Substations , Basement etc electrical related works. 625 KVA DG set and 63 KVA DG set and their connected installations.
3. Electrical Power supply and connection to lift installations.

**C. WORKS INVOLVED IN GENERAL AREAS UNDER HT SUB-STN & LT DISTRIBUTION :**

- i.) Ensuring proper oil level and temperature of the transformer.
- ii.) Cleaning of the bushing, insulators once in every three months.
- iii.) Cleaning the complete substation.
- iv.) Ensuring the proper functioning of the capacitors installed.
- v.) Recording readings of the energy meters along with established power factor and ensuring power factor meeting to requirement of Indian Electricity Act to avoid penal charges towards the low Power factor i.e 0.95.
- vi.) Ensuring proper connection/termination of various distribution cables in switchgears, Junction boxes, control gears etc.

- vii.) Testing and recording the earth resistance, dielectric strength of oil insulation resistance as suggested in Indian Electricity Acts and Rules or as required by local electricity supplying Authority once in a year.
- viii.) Intimating the MSEB about the fault in MSEB side and co-coordinating with MSEB for restoration of power supply.
- ix.) The agency shall co-ordinate for replacement of transformer or any other accessories if required complete with intimation to MSEB as well as obtaining approval for re-commissioning from concerned authority.
- x.) Agency shall attend the inspection of Electrical Inspector and submit the requisite documents as required.

**D. General Scope of services to Electrical Installations and their Maintenance :**

- i. Break down / failure complaint of electrical installation shall be attended/ rectified promptly with minimum down time i.e. within 24hours until or unless there is any specified reasons for which Engineer in charge must be kept informed.
- ii. Contractor shall supply & replace the defective items detailed with the approval of corporation. Replacement of materials shall be verified by CCI Ltd authorized representative for claiming payments. The defective or unserviceable goods shall be brought back from site and got inspected by the Engineer in charge or representative of CCI for its further disposal.
- iii. To carry out all weekly, monthly, quarterly, yearly and inspective preventive schedules by the competent persons. All calibrations and testing should be got done through OEMs of the equipments.
- iv. The deployment of staff and maintenance schedule shall be carried out as mentioned in the tender.
- v. The contractor will be required to make necessary arrangement for rendering special services even at short notice.
- vi. During the extended period of contract period of contract it will always be lawful to the corporation to determine the agreement at any time without assigning the any reasons and without being liable for loss or damage which you may suffer by means of such determinations.
- vii. The contractor shall not sublet the contract. He will post a qualified responsible supervisor to oversee the satisfactory working of the entire employee and to coordinate with the Corporation and carry out instructions.

The technicians must interact each other to carry out the operations with out hindrance. The contractor shall arrange to provide alternate staff in case of absence of the regular staff.
- ix. The contractor will have to maintain all the installation neat, clean and in healthy conditions. No electrical, wire cable, fittings and conduit pipes shall remain in loose and hanging positions any where i.e. on wall, on panels, pillars. He shall also ensure that all the covers and handles of panels, feeder pillars, Bus Bars, DB's & SB,s are intact and properly screwed / closed. The sock treatments charts, danger plates and identification making of panels/boards should be maintained properly.
- x. If in case it is proved / established at any stage that the cause of electrical failure / cause of fire / cause of electrical accident has taken place due to bad/ poor maintenance carried out by the contractor or due to carelessness of his staff than the cost of damage will be recovered from the monthly bill or security deposit.
- xi. The service can be provided during our normal working days and hours as mentioned above at tender notice. The contractor shall also arrange to provide the service on Sundays and other holidays in case of emergency and in cases where the nature of work described the normal functioning of office.
- xii. All breakdown calls/complaints received during normal working hours should be attended to as early as possible. No complaints should be left unattended and not be postponed to next day.
- xiii. Contractor/party has to provide electrical services round the clock 24X7 and 365 days.

- xiv. Contractor/party has to ensure that all the DG's are maintained properly, diesel requirements are met by informing CCI, operation of DG's when required, keeping upkeep the diesel in diesel tanks etc.
- xv. The Service report containing nature of the complaints, nature of the fault un attended, parts replaced and customer remarks/signature should be prepared by the contractor. The cost of printing of the booklet will be borne by the contractor. The office should approve the model of service report. The contractor shall provide day/week/monthly report stating the nature of complaints/work done at the end.
- xvi. The staff should be familiarizing with the fire fighting systems and their use.
- xvii. Recording reading of the energy meters of various occupants
- xviii. The Contractor/party has to co-ordinate with SBI-Life and Bank of Baroda for smooth functioning of electrical supply/requirements.
- xix. The contractor shall execute the work as per IS code of practice of relevant equipments and follow the IE rules 1956.
- xx. The contractor has to follow the safety and procedures & practices in electrical works as per IS 5216 part 1 and 2.

#### **E. PREVENTIVE MAINTENANCE, PRE- MONSOON PRECAUTIONS**

**Preventive and breakdown Maintenance of sub station equipments and Electrical Installations** other than relay testing/ calibration and transformer oil filtration, Premonsoon preventive Maintenance of all the necessary Equipments shall be made before start of monsoon to avoid further inconvenience specially for :

1. Transformers : oil testing, oil filtration & earth testing, megger value etc.
2. Switch gears and their smooth functioning .
3. Air Circuit Breakers and Vacuum Circuit Breakers : their required servicing and testing on electrical load.
4. Bus bars and their feeder connections .
5. Water Pumps and dewatering Pumps – their connections & smooth functioning.
6. Lightning arrester and their Connections .
7. Earth Pits and their Earth Value etc.
8. Anticorrosive treatment to panels etc.
9. Any underground breakages of electrical cable shall be intimated and necessary immediate action to restore the Electrical power supply including required jointing kits etc. shall be taken care.
10. Ensuring the proper functioning and operation of de-watering pumps installed at Kapas Bhawan 24X7 during monsoon. Ensuring 5 HP Diesel pump functioning and operation during monsoon 24X7.

#### **F- STORES & SPARES:**

For proper maintenance and routine operations of the electrical installations, Contractor shall maintain at all times the minimum required stores/spares and shall use the same after notifying to the Corporation. All such consumable items shall be procured from authorized dealers and the dealer's price list shall be submitted to the Corporation in advance. In the event of replacement of stores/spares, Corporation shall reimburse the expenses comprising cost with applicable taxes on stores/spares as per dealer's list.

**G – MANPOWER:**

**Minimum compulsory Manpower required for maintenance and routine operations at 'Kapas Bhavan'.**
